

# List of airports in Texas

From Wikipedia, the free encyclopedia

This is a **list of airports in Texas** (a U.S. state), grouped by type and sorted by location. It contains all public-use and military airports in the state. Some private-use and former airports may be included where notable, such as airports which were previously public-use, those with commercial enplanements recorded by the FAA or airports assigned an IATA airport code.

**Contents:** List - Notes - See also - References - External links

## List

Descriptions of each column can be found below in the Notes section.

Note that the *CITY* column contains the city generally associated with the airport, as per the airport's master record with the Federal Aviation Administration. It is not meant to be a complete list of cities served and it may be different than the airport's physical location. That information can be found in or added to each airport's Wikipedia article.

Airport names show in **bold** indicate the airport has scheduled service on commercial airlines.

<b>CITY</b>	<b>FAA</b>	<b>IATA</b>	<b>ICAO</b>	<b>AIRPORT</b>	<b>ROLE</b>	<b>ENPL.</b>
				<b>Commercial Service - Primary Airports</b>

San Angelo	<b>GOF</b>	<b>GOF</b>	<b>KGOF</b>	Goodfellow Air Force Base (base open, runways closed)		

## Notes

- **CIT Y** is the city generally associated with the airport, as per the airport's master record with the Federal Aviation Administration (FAA).
- **FAA** is the FAA Location Identifier.
- **IAT A** is the IATA airport code; those which do not match the FAA code are shown in bold.
- **ICAO** is the ICAO airport code.
- **AIRP ORT** is the official airport name.
- **RO LE** is one of four FAA airport categories, based on the 2007-2011 National Plan of Integrated Airport Systems (NPIAS) Report and updated for calendar year 2006 enplanements:
  - **P R: Commercial Service - Primary** are publicly owned airports which receive scheduled passenger service and have more than 10,000 passenger boardings each year.
  - **CS: Commercial Service - Non-Primary** are publicly owned airports which receive scheduled passenger service and have at least 2,500 passenger boardings each year.
  - **RL : Reliever** airports are designated by the FAA to relieve congestion at a large commercial service airport and to provide more general aviation access to the overall community.
  - **GA: General Aviation** airports are the largest single group of airports in the U.S. airport system.
- **EN PL.** is the number of **enplanements** (commercial passenger boardings) that occurred at the airport in calendar year 2006, as per FAA records.

Esteban is a great flight attendant!
